About SKInnovation:

SKInnovation is a startup and innovation conference, held directly on the ski slopes. It takes place every year in March in Innsbruck, Austria. All 1000 participants are on skis or snowboards, talks from our speakers take place in mountain huts, and startup pitches happen on the ski lifts. A key focus this year is further professionalizing and developing the event. We are working with several major players from the Tyrolean (startup) scene to achieve this. More information about the event can be found on our website <https://skinnovation.at/>.
